

## Audit Manager's I.T. Strengths & Weaknesses

My (manager) IT Strengths	My (manager) IT Weaknesses
<i>I've used spreadsheets for 15 years</i>	<i>I don't have time to keep up w/ new stuff</i>
<i>My kid builds web pages</i>	<i>I know just enough that a technology consultant can convince me that I need new change hardware, but not enough to know if it's the right hardware.</i>
	<i>Deep down, I hate computers</i>
