SWOT ACTIVITY

In this exercise, you will identify strengths, weaknesses, opportunities, and threats related to regional economic development and think about land use approaches that could help capitalize on opportunities and address challenges. The exercise will take place as a large group discussion, and this worksheet is provided as a way for you to record your thoughts or take notes on the discussion.

Strength for Regional Economic Development	Land use approaches that could help maintain/enhance strength

Development	eliminate/mitigate weakness
	1
Opportunity for Regional Economic	Land use approaches that could help
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity
Opportunity for Regional Economic Development	Land use approaches that could help capitalize on opportunity

Threat for Regional Economic Development	Land use approaches that could help avoid or minimize threat
